

## SET CLOCKS BACK TOMORROW NIGHT

Daylight saving will end Sunday morning. All clocks which were set an hour ahead last spring must be turned back an hour during the night Saturday. It was in accordance with wartime measures, in order to effect a great saving of fuel and light, that all clocks were put ahead an hour when March came around. But since then Congress has passed over the President's veto a bill repealing the daylight saving measure, so that when timepieces are turned back an hour at the end of this week it will mean the end of daylight saving for all time. That is, unless Congress should again vote for it. But this is considered very unlikely in view of the fact that the war is over and the stand Congress has already taken.

### WELCOME COMMITTEE

#### Everybody Interested is Urged to Attend Meeting Tonight

A call has been made for a meeting at the Court House at 7:30 o'clock tonight for arranging the Welcome to Middlebury Soldiers which is planned for Armistice Day. It is especially requested that citizens of all classes join in discussion of plans at this meeting and aid in making the celebration worthy of Middlebury's part in the war. Come!

### Celebrate Golden Anniversary

Mr. and Mrs. Jeremiah C. Manning of Bethel celebrated their 50th anniversary Saturday evening when about 100 of their friends called upon them. They settled in Bethel 10 years ago, coming from Ripton where the first 40 years of their married life was spent.

## MISS FROST WEDS HAROLD A. DAMON

Miss Dorothy Frost, formerly the assistant at Middlebury College Library and daughter of Mr. and Mrs. Earl A. Frost of 13 Elm street, was married at six o'clock last evening to Harold A. Damon, son of Mr. and Mrs. E. C. Damon of Nashua, N. H., who was a graduate of Middlebury College in 1917. The wedding was held at the home of the bride's parents, Rev. Henry C. Newell, pastor of the Congregational church of this village, officiating, and the double ring service being used.

The bride was given in marriage by her father. The bridesmaid was Miss Esther Frost, a sister of the bride, and Roscoe E. Duke of Greenfield, N. Y., a Kappa Delta Rho fraternity brother of the groom, acted as best man.

As the bridal party entered the parlor, Miss Hilda E. Woodruff rendered Lohengrin's wedding march. The bride was gown in white georgette crepe and carried white roses. Her ornament was a string of pearls, a gift of the groom. The bridesmaid wore a gown of pink georgette and carried pink carnations.

Following the ceremony a reception was held after which a wedding lunch was served by Miss Lucinda Smith of Burlington. Those who assisted in serving were the Misses Muriel Vitum, Elizabeth McMahon, Grace Mack and Pauline Sanford of Middlebury and Hazel Arkley of Essex Junction, Elizabeth Bigwood of Winoski and Myrtle Frost of Ticonderoga, N. Y. The house decorations were ground pine, and pink and white chrysanthemums.

After a short wedding trip Mr. and Mrs. Damon will reside at 11 Temple street, Nashua, N. H., where he is as-

## IS IT A LIVE TOWN AND COUNTY? LOOK AT ITS BUSY CALENDAR!

Anyone taking half a squint at the daily activities in and around Middlebury is conscious that with farm, village, social, college and religious interests, it is a live town! The Register, endeavoring to reflect this kaleidoscope of local events, has felt the need of some means by which to keep tabs on future dates, and has found that this same need was felt in other quarters also. Many a person has been led to regret his absence from some function or other because the date of a certain event, although given in individual publicity in the news or advertising columns, was overlooked when the time was actually at hand; and many conflicts have arisen in the matter of fixing dates for public gatherings, owing to the lack of any thorough chronological listing of future events. The stranger in Middlebury has been similarly handicapped by his inability to easily locate means for his amusement or instruction during the particular time he had available, all through the lack of a thorough time schedule of "what's going on."

To meet this demand, if it does exist to the extent supposed, the Register has undertaken to inaugurate this week a feature which it will make every effort to thoroughly maintain; namely, the weekly publication of the day, date, hour and feature of every public or semi-public function deemed of town or county interest, from the special prospective of Register readers.

Difficulties which are involved in this plan for public service may easily be imagined—the regrettable omission of

events not brought to our notice; the human tendency to occasionally err, in date or hour; and time and labor involved in weekly compilation of such a schedule. The Register cannot make this calendar a substitute for regular advertising, which is a necessary pillar of support to newspaper development. It is probably a conservative estimate to state that over 80 per cent of the Register income is turned directly back to the improvement of the paper in the public interest; and advertising clients may properly feel that in their patronage of this paper they are not only securing publicity at a reasonable price, but contributing to the support of what The Register desires to make more than a business—a public institution.

Special attention is urged upon all readers to the matter of accuracy in dates; if in the listing of events a week or more ahead there is noticed an error, or if some previously arranged event has been postponed, it should be called to our notice. There are possibilities of public service in this calendar plan that The Register sincerely hopes will develop in the interests of all organizations of all classes, and in launching it our cooperation is assured to the fullest extent compatible with our resources and facilities.

For convenient reference, cut out the list of dates each week, and pin it to your calendar, and the following week destroy the old list and substitute the new one, thus keeping up to date.

### COMING EVENTS

#### (Day by Day—Hour by Hour)

Fri. Oct. 24—7:30 p. m.—Committee Meeting: Welcome Home Committee at Court House.  
Fri. Oct. 24—6:30-8 p. m.—Harvest Supper: at Cong. Church, Cornwall.

Wed. Oct. 29—8 p. m.—Odd Fellows: Local lodge works initiatory degrees.  
Wed. Oct. 29—Postponed: Epworth League has postponed social which was planned for this date.

## CENSUS OF COUNTY BIRDS AND ANIMALS

Blanks have been received by the fish and game authorities of the county which will be used throughout the state in the taking of the census of birds and animals and their approximate number during the next six months, as compiled at the office of State Fish and Game Commissioner Linus Leavens of Montpelier.

The department is asking that all sportsmen who go into the woods assist in this work and these blanks will be distributed and those who keep and return the blanks will be rewarded with a souvenir. Application to the wardens in the respective counties will secure the necessary blanks which are very simply constructed and which will require but little work to fill out.

The blanks ask for the number shot or trapped and the number seen but not taken and the following are included in the list: Deer, caribou, moose, elk, red fox, other foxes, otter, martin, raccoons, fisher, skunk, bobcat, hedgehog, lynx, weasel, wild ducks, wild geese, partridge, woodcock, wild rabbit, grey squirrel, black bear, mink, muskrat, blue herons, kingfishers, fish hawks, bald eagle, snow owls, horned owls, pigeon hawks, large hawks, quail, shore birds, plover and English snipes.

The following notice has been sent out by Commissioner Leavens:

"If you want a useful souvenir from the Vermont fish and game department keep a record of the game you see or take between October 1, 1919, and May 1, 1920.

"This department is trying to take a census of the game birds and animals, fur-bearing animals, and vermin of the state, and needs your help in taking the same. If you live or hunt in Addison County, send a postcard at once to County Warden George H. Chaffee and request him to send you a blank on which to make your record. All records should be kept on these blanks, which are to be returned to the county warden immediately after May 1, 1920. After the blank is returned a useful souvenir will be sent you from the fish and game department. Your record is needed whether you hunt and trap extensively, or only a little. Send for the record blank at once."

### Marble Mill is Booming

The largest business ever done at the Middlebury plant of the Vermont Marble Company is reported at present, with more hands employed than ever before. The record has run up to 115 names on the weekly pay roll, and it is with difficulty that the men are finding rooms and houses. Many are driving in every day from outside places. A new 100-h. p. motor is being installed to be run by current from the Beldens station in addition to the local power.

## SHOW AFFECTION FOR MR. HIGGINS

Many of the old habitués of The Addison House gave John Higgins, its retiring proprietor, such a hearty demonstration of their affection toward him at a surprise party on Monday night that it almost swept him away with emotion.

By a conspiracy which had been kept entirely secret from him, fifty-five friends, most of whom had been Mr. Higgins' guests at The Addison for many years, raised a sum of \$200 with the idea of presenting him with some token of their esteem and their regret upon the occasion of his retirement. Many suggestions as to the proper gift were turned over in the minds of the committee and a decision was so hard to arrive at that it was finally agreed that twenty ten-dollar gold pieces be suitably mounted in silk-lined gift boxes and these be presented to Mr. Higgins.

On Monday evening the gift-bearing party, including about half of the donors, but all who were able to be present, took Mr. Higgins' home on Court street by storm and carried out their purpose. Those in the party were: Mr. and Mrs. E. M. Saunders, Mr. and Mrs. J. H. Stewart, Mr. and Mrs. C. I. Button, Mr. and Mrs. John A. Fletcher, Rev. and Mrs. H. C. Newell, Mr. and Mrs. Dennis H. McHugh, Mr. and Mrs. C. C. Wells, Miss Gertrude Isley, Mrs. W. W. MacGilson, Miss Hattie Porter, Mrs. Constantine, Prof. Myron R. Sanford, Joseph A. Peck, Allen R. Sturtevant, George N. Shambaugh, Cushing Hill, Charles E. Pinney, and Rufus Wainwright.

The spokesman for the committee was Prof. Myron R. Sanford who had been Mr. Higgins' guest at the Addison, if not for a longer time, yet for a more continuous stay than any member of the company present. In his ten minutes' speech of presentation he likened Mr. Higgins' thoughtfulness, generosity and kindly ways to the human service of that legendary Homeric character—made famous to many non-readers of Greek by Sam Walter Foss's poem—the hero who wished to be helpful to his fellows and "who lived by the side of the road and was a friend to man."

### Will Run Ripton Mill

Milton M. Huntley, who recently returned from service with a Red Cross nurse, Ruth Dennis of Tennessee, as his Paris bride, was in Ripton this week making arrangements to take over the management of the lumber mill which his father, W. S. Huntley owns there. The young couple will move later this fall to the former Huntley home at Ripton, but are for the present at the Huntley residence on South Main street.
